

Staff deployment

Members of staff are deployed to meet the care and learning needs of children and to always ensure their safety and well-being.

- Two members of staff are on the premises before children are admitted in the morning and the end of the day.
- Only those staff aged seventeen or over are included in ratios. Staff working as apprentices (aged sixteen or over) may be included in the ratios if the setting manager is satisfied that they are competent and responsible.
- At least one Paediatric First Aider must be always on site when children are present.
- The setting managers deploy staff to give adequate supervision of indoor and outdoor areas, ensuring that children are always usually within sight and hearing of staff.
- All staff are deployed according to the needs of the setting and the children attending.
- In open plan provision, staff are positioned in areas of the room and outdoors to supervise children and to support their learning.
- Staff are responsible for ensuring that equipment in their area is used appropriately and that the area is tidy at the end of the session.
- Staff plan their focus on activities.
- Staff inform colleagues if they must leave the room for any reason.
- There are two members of staff outside in the garden when it is being used, one of whom supervises climbing equipment that has been put out.
- The setting manager may direct other members of staff to join those outside, if the numbers of children warrant additional staff.
- Staff always focus their attention on the children whilst having a wider awareness of what is happening around them.
- Staff do not spend working time in social conversation with colleagues.
- Staff allow time for colleagues to engage in 'sustained shared interaction' with children and do not interrupt activities led by colleagues.

• Sufficient staff are available at story times to engage children.

- Key persons spend time with key groups daily; these times are not for focussed activities but for promoting shared times and friendship.

Staff children

- Where members of staff have their own children with them at the setting, the age of the child must fall within the stipulated ages of the setting's Ofsted registration.
- Where members of staff are likely to be working directly with their own children, this is subject to discussion before commencement with the setting manager.
- Where it is agreed that a member of staff's child attends the setting, it is subject to the following:
 - the child is treated by the parent and all staff as any other child would be.
 - the child will not be in the parent's key group of children.
 - the key person and parent will work towards helping the child to make a comfortable separation from the parent to allow the parent to fully undertake their role as a staff member of the setting.
 - the key person will take responsibility for the child's needs throughout the day unless the child is sick or severely distressed.
 - time and space are made for the parent to breastfeed during the day if that is their chosen method of feeding.
 - the situation is reviewed as required, to ensure that the needs of the child are being met, and that the parent can fulfil his/her role as a member of staff.

If it is the setting manager's child, then their line manager ensures the criteria above is met.
