## OVERVIEW

The Scholarship offering at Langley School is a highly competitive but rewarding programme for pupils with outstanding talent and potential in a range of subjects. Langley is a community of opportunity and excellence, **come and join us.**

All Prep School Scholarships are for entry into years 3-8. These are reviewed at the point of entry to the Senior School.

The expectations are high as Scholars are role models, and pupils look to them for exemplary work ethic and behaviour. In the wider community, Scholars are ambassadors for the school. In return, Langley nurtures the talent, skill and confidence of its Scholars, and provides endless opportunities for them to excel.
