The Alston Centre and Auditorium

In 2014, a dedicated Sixth Form centre was opened. The Alston Centre features a large auditorium with optional use of our tiered seating, which is a fantastic space perfect for large conferences, theatre shows and events. The tiered seating holds 232 people and we offer the option to add further chairs, increasing the total capacity to around 500 people. The auditorium comes with a full set of lighting rigs and a sound and lighting room. In addition, there is also a spacious foyer area and café located within the building, ideal for intervals or refreshment breaks, which is available to hire with prices to be determined based on needs. The auditorium is an open space with permanent curtains, but no staging, wings or backdrop, therefore we work alongside a local reputable staging company, who we will put you in touch with to discuss your staging requirements.
